

Mary Le

A **UX/UI Designer** with a background in user research, UX design, and front-end development.

EXPERIENCE

UX Designer | Amplify

September 2018 - Present

Define user personas, map user journey, wireframe user flow in lo-fi mockups, create high-fi prototypes for sales and marketing demos, user test over 20 sessions to gather feedback for design iterations.

Front-end Developer | Northwestern Polytechnic University

April 2016 - July 2017

Created web and print designs with Sketch, Photoshop, and Illustrator, built design components with HTML and CSS. Redesigned an internal school admin portal.

Front-end Web Developer | Mobile Action

May 2015 - December 2015

Collaborated with product managers and engineers to design and develop a new user-centered dashboard with mobile responsiveness.

Front-end Developer | Achievers

April 2015 - July 2015

Created design mockups with HTML and CSS and built a responsive mobile survey application with Javascript and AngularJS. Collected and analyzed over 200 usability test results from 3 design iterations. Worked with designers to develop and launch a corporate website relaunch.

PROJECTS

Lead UX Designer | Mareana

January 2018 - May 2018

Designed an interactive pop-up tutorial to onboard users using data from contextual interview data. Defined user personas and created wireframes, 2 lo-fi mockups in Sketch, and a high-fi prototype in InVision.

UX Designer | Human-Computer Interaction Design: Safety Map

August 2017 - December 2017

Collaborated on a team of six to design a mobile safety map application based on user research findings from surveys, interviews, heuristic evaluations, and user testings. User tested three design iterations created from low-fi mockups and high-fi prototypes in Sketch and InVision.

EDUCATION

Cornell University | Masters in Information Science (Focus: HCI, User Experience)

Graduated May 2018

University of California, Irvine | Bachelor of Arts in International Studies, Sociology

Graduated June 2011
